

## ALGE MC9 MULTICHANNEL

### OVERVIEW

The Alge MC9 Multichannel is an expansion port replicator for the Timy and TDC8000 series of timers.

### DESCRIPTION

- Channel adapter for Timy, TdC 8000 or TdC 8001
- Ideal for the Timy's TrackTimer program for manual 6 or 8-lane timing in athletics or swimming

### ALTERNATIVES

- TIDO 9-channel docking station / expansion bay for Timy only
- Multichannel Adapter MC18 (18 channel adaptor for Timy / S4 / TDC8000 series)

### COMPATIBILITY

The MC9 is fully compatible with the Alge Timy, TDC8000, and TDC8001.
