

PST 15cm (6") FACE-2-FACE PAIRS

Compatible with all major timing systems including Alge, TAG, FinishLynx, etc.
 2-year warranty as per all our display products.

GENERAL-PURPOSE DISPLAY FOR ANY APPLICATION

The Standard Face-to-Face display set using 15cm characters (6" high) is our **most popular model** due to its versatility and affordability. This set combines (2) matched Standard 15cm displays into one transportable package. Ideal for back to back finish line trusses. Better yet, 2 linked pairs (4 displays total) of face-to-face sets mounted on a finish line truss give spectators on both sides of the line complete Bib, Rank & Time information (ideal for Time Trials etc). Also available as [single units](#).

DESCRIPTION

Looking for an ultra-rugged pair of displays for general-purpose use? Look no further than Phoenix Sports Technology's 15cm Face-2-Face displays. Housed in professional-grade travel cases, these high-performance scoreboards can be setup in seconds -- simply twist the case locks and you're in business! Integrated, spring-loaded suspension hooks are secure and ensure a safe installation. Scoreboards also have standard Ultimate-type tripod sockets on the bottom. Based on the **Alge** chipset & controller, these units are assembled using the finest components available. Using our standard high-visibility 6" digits, these units feature six digits each for Bib, Rank, and Elapsed Time (measured to 1/100th sec.). Standard digit height is 6", but also available in custom sizes and configurations from 4" to 10" digit height (face-to-face not recommended in 10" height due to weight limitations).

FEATURES

- high-quality weatherproof electronics
- works with all major timing brands (Alge, TAG, FinishLynx)
- onboard rechargeable battery lasts days on a charge
- Internal timing chip allows it to be used as a stand-alone clock (count-down & count-up)
