

PST 10cm (4") MULTILINE DISPLAY

Ideal for NASTAR, dual-slalom, track cycling, or other dual format sports.
2-year warranty as per all our display products.

TWO-LINE ENHANCED DISPLAY FOR NASTAR OR ANY DUAL-FORMAT APPLICATION

Due to the popularity of dual-racing formats in many sports, we designed the innovative multi-line portable display, employing two lines of 4" characters. They are the ideal display for the Race Dept that is doing NASTAR, dual-slalom, etc. Using the smaller digits we were able to add Bib & Rank capability while retaining the same small form factor as our Standard single-line series.

DESCRIPTION

This versatile display is based on our popular dual course cabinet for skiing, cycling, and speedskating. It can be used with the NASTAR software or the [Fiddleware](#). Its double, user addressable circuit boards allow for continuous updating as future products become available.

Based on the **Alge** chipset & controller, these units are assembled using the finest components available. Using our high-visibility 4" digits, these units feature three digits for Bib, one digit for Rank, and four digits for Elapsed Time (measured to 1/100th sec.).

Features our standard tripod socket for easy mounting.

FEATURES

- **2 lines of Bib-Rank-Time** measured to 1/100 sec.
- high-quality weatherproof electronics
- works with all major timing brands (Alge, TAG, FinishLynx)
- onboard rechargeable battery lasts days on a charge
- Internal timing chip allows it to be used as a stand-alone clock (count-down & count-up)
- simple plug-in connections for power & data
- self-contained one-piece display is housed in "rock 'n roll" type travel case
- removable cover protects polycarbonate face and makes setup a snap
- recessed, aircraft-grade hooks ensure secure installations
- 60 lbs. total weight including battery pack and 120/220 VAC charger
- Dimensions: 56"L x 14.5"H x 8"D (142cm x 37cm x 20cm)

WARRANTY

All PST displays come with a two-year comprehensive parts & labor warranty.
