

PST 2-PIECE PLACE-LANE-TIME DISPLAY

ENHANCED DISPLAY FOR ATHLETICS AND OTHER SPORTS

The two-piece Place-Lane-Time display is another one of our more popular models due to its ability to display lane number & rank information in addition to time. Standard size uses 15cm (6") digits. Now available exclusively as a more convenient folding 2-piece model.

DESCRIPTION

Phoenix Sports Technology offers its enhanced **Place/Lane/Time Display**, designed specifically for athletics, cycling, and other sports that use the FinishLynx digital photofinish system. Based on our standard single and double-sided hanging displays and employing the ultra-dependable Alge chipset & controller, these units are assembled using the finest components available. Using our standard high-visibility 6" digits, these units feature one digit for Lane, one for Place, and six digits for elapsed time (measured to 1/100th sec.). Standard digit height is 6", but is also available in custom sizes and configurations from 4" to 10" digit height.
