

PST QUICKMOUNT BRACKETS

Ingenious accessory brackets make on-the-fly adjustments a snap!

OVERVIEW

Try our photocell & accessory brackets and see how much easier it is to setup your timing gear! These brackets are designed for use with standard 2" x 2" posts and are ideal for skiing, snowboarding, and other snow sports.

DESCRIPTION

- **Multiple uses!** brackets are designed for use with **photocells**, but they also work great for **wireless transmitters** or other components that have the standard tripod threaded insert
- High-strength steel square-tube with welded 90-degree tabs that incorporate standard 3/8" threaded stud
- Fasten to 2" x 2" with butterfly screws -- no tools required to achieve a solid installation
- Ability to slide up & down makes this bracket ideal for use during heavy snowfalls, installations with different finish beam heights, etc

COMPATIBILITY STATEMENT

This product is fully compatible with all **PST & Alge** products that employ tripod sockets.
